04. What is vehicles & Types?
05. What is Posology?
06. How many sources of Homoeopathic Drugs

(C) Cardiac output

B.H.M.S 1st Year Session 2015 Internal Examination Physiology^{1st}

Time: 3 Hrs.

Full Marks - 100

1. Define Blood .Give the name of blood cells. Describe the composition and function of blood . 20
2. Define Blood pressure . What is Normal blood presser? What is hypertension? How many sound occur in cardiac Cycle 20
3. What is Erythropoiesis? Describe the mechanism of coagulation of blood. 20
4. What is respiration, what is inspiration? What is expiration? What is CO₂ carriage? Describe Function of Lungs. 20
5. Short Notes:-
 - (a) Hormone
 - (b) Plasma proteins
 - (C) Cardiac output
 - (d) E.S.R. 20

B.H.M.S 1'st Year Session 2015 Internal Examination Physiology 2nd

Time: 3 Hrs.

Full Marks - 100

1. Define digestion. Give the name of various digestive juices.
Describe the Process of Digestion. Name of various food & their
digestive end product 20
2. Write the composition & function of saliva. Give the name of
enzymes present in pancreatic 20
3. Define Vitamin. Give the classification of vitamins. Describe
vitamin A. 20
4. Give the scientific name , dally requirement, source, function &
difficulty absence of vitamin D. 20
5. Short Notes:-
(a) Bile (b) Gastric juice
(C) Absorption (d) Metabolism 20

B.H.M.S 1'st Year Session 2014 Internal Examination Physiology^{1st}

Time: 3 Hrs.

Full Marks - 100

- 1 Define Blood .Define Cardiac Cycle. Give various cardiac cycle
What is pan murmur? 20
- 2 What is cardiac output? What is blood pressure? What is
Mean Blood pressure? What is Cardiac index ? 20
- 3 What is respiration, what is artificial respiration ? What is
vital capacity. why breathing trouble occur in high hill. 20
- 4 What is reflex action .What is Neuron?Name some decending
tract.Functionof C.S.F. 20
- 5 What isLymph .Function of lymphNode.Function of eyes and
function of test Fiber .

B.H.M.S 1'st Year Session 2014 Internal Examination Physiology 2nd

Time: 3 Hrs.

Full Marks – 100

1. Define digestion., Give the name of various digestive juices.
Describe the Process of nutrition and growth. 20
2. Write the composition pancreatic juice. Give the name of
Hormone of pancreases. What is mixed gland & why ? 20
3. Define Vitamin . Give the classification of vitamins.
Describe vitamin B6. 20
4. What is Menstruation? Name the ovarian & uterine
hormones & their function . 20
5. What is Micturation ? Give Structure & function of
nephron 20

B.H.M.S Session(2014- 2019) Internal Examination - Pharmacy

Time: 3 Hours:

Full Marks -100

Answer any Five Questions
